AUTOMATIC BREADSTICKS MACHINE

There are two models under the automatic breadsticks machine category; they are; automatic grissini machine GR/25 A and the GR/25 L.

AUTOMATIC BREADSTICKS MACHINE GR/25 A

This machine weighs 120kg and comes with adjustable press for even dough thickness when entering the die. The GR/25 A is a stainless steel machine that can achieve 50kg output per hour. It has regulable exit belt, timer programming and interchangeable dies.

AUTOMATIC BREADSTICKS MACHINE GR/25 L

This machine has all the qualities of the GR/25 A but has added features like; die 73 Ø roller that passes different types of dough, 1900 mm delivery belt that carries several dough cuts and a 900 mm conveyor for loading.
