BREAD GRINDER MANUFACTURER

Broad Mill Mac 100 is one of the major models of bread grinders produced by Italtan. These machinery are specifically designed and fitted with a rugged grinder that ensures that your bread is ground sufficiently.

ITALPAN'S GRINDERS

Grinders from this renowned bread grinder manufacturer possess a stainless steel structure inox with the mouth of the sifter being an aluminium casting. These materials ensures that the machinery is durable and does not get easily affected by water in the bakery.

GRINDING UNIT

The grinding unit of these machines is designed in a way to permit selection of two distinct granulated sizes. The safety device is also manufactured with three covers within the mixing tank to ascertain safety of the user.
