COMMERCIAL BREAD SLICER SUPPLIER

Italpan has captured the market for bakery machinery and rose to a leading commercial bread slicer supplier through the production of unique products.

THE HORIZONTAL SLICERS

The horizontal slicer is a major bread slicing equipment is fitted with an inox steel structure and chain and belt transmissions, a connected motor reducer, maximum space between presser conveyor belt and transport and is endowed with transformers and fuse that ascertain efficiency and high power conservation.

BENCH BREAD SLICERS

Bench bread slicers are also common bakery machinery produced by Italpan and has been designed in two models that include the Bread Slicer Clk 420s/520s and the Bench Bread Slicer Clk 420/520. As a leading commercial bread slicer supplier, Italpan has ensured incorporated simplicity and low power consumption as some of the technical specifications to their bread slicers.
