FLOUR SIEVE SUPPLIER

Italpan, a leading flour sieve supplier, produces simple, highly efficient and power effective flour sieves that have the ability to eliminate impurities and are specially studied so as to Oxygen the flavour. The flour sieves are mounted on wheels using a locking device and equipped with a unique revolving exit system.

FLOUR SIEVE SF-100

One of the major flour sieve models supplied by Italpan is the basic Flour Sieve SF-100, whereby the flour is released from 104cm above the floor level, although the height can be modified. This basic sieve model has a sifting capacity and rate of 100 kg every 5 minutes.

IMPROVE YOUR PRODUCTION

Italpan flour sieves are technically designed with specific weight, height, length, depth and motor that guarantee efficiency, performance and work rate.
