GRISSINI MACHINE SUPPLIER

Italpan is a major commercial and industrial grissini machine supplier in Italy. The firm grissini machines in three models that are Mod. C, Mod. B and Model S.

RELIABLE GRISSINI MACHINES FOR BAKERY

The grissini machines are made of quality material and stainless steel to ensure durability, and thus, bakers can use them for a long period without breakdown or under-performance.

CAPACITIES

These machines can produce 50 kg per hour. The speed of exit belt is controllable for accommodating various types of products so as to avoid accumulation of dough or overstretching. The grissini machines are around 120 kg heavy, and the motor consumes as little as HP 0.25.
